The family photo +

There were a lot of important moments in my life. Sadly, not all of them were captured on photo. But the photo I'm going to talk about does. I'm talking about a photo of me and my family during our holidays in St. Petersburg around a year and a half ago.

style

On the photo you can see me, my younger siblings and my parents standing together on one of the 71 many bridges of the city during a nice summer evening. In the back ground, the Neva river can be clearly seen. While it may not appear so when looking at the photo, the view there was breathtaking for me. wo

The photo itself was taken by the friend of my mom who lives in the city. Actually, she was the one who came up with the idea to take it in the first place. 144

This photo is very important for me. It reminds me of importance of my family to me. It brings back pleasant memories of the time we spent together overall and during those holidays. It reminds me of how we wandered through the streets together. While this photo might not seem too special for most people, the memories and emotions that it carries for me, makes it a very special and important photo, one that instantly went into my mind when I read this notice.
